Appendix B
Attachment F: Explanation of card fields and source data

2016 Revision

Colorado Division of Homeland Security and Emergency Management
Logistics Section
Introduction
This document is an explanatory and visual reference to explain the data fields and where the source data comes from in the Salamander LIVE system. This document shows the differences between the ESF 13 Law Enforcement cards vs. all of the rest of the ESF’s.

For further assistance, please contact the Colorado Division of Homeland Security and Emergency Management Logistics Section Chief at Jeremy.Utter@state.co.us or by phone at 720-852-6689.
